Sanitation Pickup Delayed Due to Extremely Cold Temperatures

CANTON, Ohio – The City of Canton Sanitation Department was forced to cancel trash collection today, Friday, February 20, due to extremely cold temperatures. Unfortunately, this is the second day this week that the cold weather has forced such a cancellation.

Pickups regularly scheduled for Thursdays will be performed tomorrow, Saturday, February 21. Pickups regularly scheduled for Fridays will be performed Monday, February 23. Accordingly, trash collection will be one day behind next week. Barring the need for any further cancellations, the trash collection schedule will return to normal on Monday, March 2.

We apologize for this inconvenience, and we appreciate all our customers understanding our need to protect our Sanitation staff.

Please feel free to contact the City of Canton Sanitation Department at 330.489.3020 with any questions.
